

Hello, I understand that you are considering a proposal that could diminish the protections that I receive from Indiana's Telephone Privacy Law. I do not believe that you should implement any proposal that would lessen Indiana's Telephone Privacy Law. It is such a joy to be able to be at home and not have phone call after phone call of people wanting to sell you something. I don't have that phone in my house for companies to make money off of. I pay that bill, no one else does. If the phone service was free then I wouldn't have a problem. But, I enjoy my peace at home and I would like to continue to do so. Thank you so very much.
